

Campus Lighting Upgrade

Miramar College

Project Overview

- Extended life, 25 watt T8 lamps installed in over 4000 classroom fixtures
- All exterior fixtures replaced with high efficiency fluorescent fixtures
- Gymnasium lighting upgraded with T5 luminaires
- Overall campus lighting quality improved dramatically
- Over 500,000 kWh's saved per year
- Savings = \$82K per year
- Payback < 3 years

PHILIPS
sense and simplicity

"American Lighting did an outstanding job of managing and installing the project. The campus lighting is improved and we are experiencing the savings that were projected for the project. American handled all aspects of the project with great timing and customer support."

- D. Lindsay, Facilities Officer
